Important Safety Instructions

Please read this owner's guide carefully and keep for future reference.

WARNINGS

- **DO** focus on your safety and that of others if you use the headphones while engaging in any activity requiring your attention, e.g., while riding a bicycle or walking in or near traffic, a construction site or railroad, etc. Remove the headphones or adjust your volume to ensure you can hear surrounding sounds, including alarms and warning signals.
 - **DON'T** submerge or expose for extended period to water, or wear while participating in water sports, i.e. swimming, waterskiing, surfing, etc. Exposure to moisture may increase the risk of fire or electric shock.
 - **DON'T** use the headphones at a high volume for any extended period.
 - To avoid hearing damage, use your headphones at a comfortable, moderate volume level.
 - Turn the volume down on your device before placing the headphones in your ears, then turn the volume up gradually until you reach a comfortable listening level.
 - **DO** use caution and follow applicable laws regarding mobile phone and headphone use if using the headphones for phone calls while driving. Some jurisdictions impose specific limitations, such as single earpiece configuration, on the use of such products while driving.
 - **DON'T** use the headphones for any other purpose while driving.
 - **DO** focus on your safety and that of others if you use the headphones while engaging in any activity requiring your attention, e.g., while riding a bicycle or walking in or near traffic, a construction site or railroad, etc. Remove the headphones or adjust your volume to ensure you can hear surrounding sounds, including alarms and warning signals.
 - **DON'T** use mobile phone adapters to connect headphones to airplane seat jacks, as this could result in personal injury such as burns or property damage due to overheating.
 - **DO** remove headphones and disconnect immediately if you experience a warming sensation or loss of audio.
-

WARNING:

Contains small parts which may be a choking hazard. Not suitable for children under age 3.

WARNING:

This product contains magnetic material. Contact your physician if you have questions on whether this might affect the operation of your implantable medical device.

This product conforms to all applicable EU Directive requirements. The complete Declaration of Conformity can be found at www.Bose.com/compliance.

This symbol means the product must not be discarded as household waste, and should be delivered to an appropriate collection facility for recycling. Proper disposal and recycling helps protect natural resources, human health and the environment. For more information on disposal and recycling of this product, contact your local municipality, disposal service, or the shop where you bought this product.

About your Bose® FreeStyle® earbuds

The Bose FreeStyle earbuds feature fresh designs, a comfortable fit and full-range sound that will surprise you.

Features

- **Colorful designs** to suit your style.
- **Deep, clear sound**, so you'll love the music you love even more.
- **Comfortable fit** no matter how long your playlist is.
- **Built heavy-duty** to stand up to your active life.
- **Easily switch from calls to music** with inline mic/remote.

Introduction

Carton contents

Carefully unpack the carton and confirm that the following parts are included:

Note: The earbuds comes with medium (gray) StayHear® tips attached.

Connecting to your device

You can connect the earbuds to the standard 3.5 mm headphone connector on your iPod, iPhone or iPad.

Using the earbuds with your device

The Bose® FreeStyle® earbuds come with an inline microphone and 3-button remote.

Note: Full controls may not be available for some devices or applications.

Earbud controls

Using the earbuds

Basic functions

Increase volume	Press and release the + button.
Decrease volume	Press and release the – button.
Answer a call	When you receive an incoming call, press and release the Answer/End button to answer.
End a call	Press and release the Answer/End button.
Decline an incoming call	Press and hold the Answer/End button for about two seconds, then release.
Switch to an incoming or on-hold call and put the current call on hold	While on a call, press and release the Answer/End button once. Press and release again to switch back to the first call.
Switch to an incoming or on-hold call and end the current call	While on a call, press and hold the Answer/End button for about two seconds, then release.
Use Voice Control	Press and hold the Answer/End button. For more information on Voice Control, refer to your device's owner's guide.

Media playback functions

Play or pause a song or video	Press and release the Answer/End button.
Skip forward	Press and release the Answer/End button twice quickly.
Fast forward	Press and release the Answer/End button twice quickly and hold the second press.
Skip backward	Press and release the Answer/End button three times quickly.
Rewind	Press and release the Answer/End button three times quickly and hold the third press.

Importance of proper fit

For optimum audio performance, it is important to choose the correct size StayHear® tip. Select the size that gives you the best comfort and fit in each ear. You may need to try all three sizes to determine the best fit.

Note: To test the fit, try speaking aloud. Your voice should sound muffled in both ears. If not, select another tip size.

Each tip is marked with either an L or an R. Be sure to attach the left tip (L) to the left earpiece and the right tip (R) to the right earpiece.

Fitting the headphones to your ear

The StayHear® tip allows the earpiece to rest comfortably in the bowl of your ear. The wing part of the tip fits just under your ear ridge.

To determine if the tip is the right size:

1. Insert the headphone into the ear so the tip gently rests in the opening of the ear canal.
2. Tilt the headphone back and press the tip wing under the ear ridge until it is secure.

The tips should fit comfortably yet securely in the bowl of the ear.

Using the earbuds

Changing eartips

1. Gently peel the edges of the attached tip away from the earpiece, using care not to tear the tip.
Caution: To prevent damage, do not pull on the StayHear® tip wing.
2. Position the opening of the new tip over the nozzle and the small slot over the nozzle hook.
3. Ease the base of the tip down around the base of the earpiece until the tip feels secured.

Adjusting for comfort and stability

You can adjust your headphones to provide additional comfort and stability. You can customize how you wear your headphones using the adjustment slider and clothing clip.

Using the adjustment slider

Move the adjustment slider up or down to reduce or increase the amount of loose cord between the left and right earpiece. Finding the right position for the slider can help optimize the placement of the Answer/End button and integrated microphone.

Using the clothing clip

Use the clothing clip to fasten the cable to your clothing, for convenience, stability, and to help manage the cable. This can be helpful during high-movement activities or when using the earbuds in a single earpiece configuration.

Troubleshooting

If you experience any trouble using your headphones, try the following troubleshooting instructions.

Problem	What to do
No audio/intermittent	• Securely connect the headphone cable to 3.5 mm headphone connector on your device. • Try another eartip size. • Try another device.
Excessive bass	• Turn off any audio enhancement features on the audio source.
Microphone is not picking up sound	• Make sure you are using a compatible device. See the “Made for” list on the product carton. • Securely connect the headphones plug to the headphone connector. • Make sure the microphone opening on the back of the Answer/End button is not blocked. • Try another phone call. • Try another device.
Device is not responding to remote (button) presses	• Securely connect the headphone cable to 3.5 mm headphone connector on your device. • For multi-press functions: Vary speed of presses.
Device is not responding to remote	• Full controls may not be available for some models. • Try another compatible device.
Eartips falling off	• Securely attach the eartips to the earpiece and nozzle hook.
Lost eartip	• Contact Bose® for replacement tips.
Sound is muffled from earpiece	• Clear any debris or wax build-up from the eartips and headphones nozzles. • Unplug the earbuds from the audio source, then plug back in making sure they are securely connected. • Try another audio device.

Care and Maintenance

Cleaning

Your earbuds may require periodic cleaning:

Eartips: Remove the eartips from the earbuds. Wash them with a mild detergent and water. Make sure you thoroughly rinse and dry them before putting them back on the earbuds.

Earbud nozzles, microphone, Answer/End, volume buttons: Clean only with a dry, soft cotton swab or equivalent. Never insert any cleaning tool into the nozzle or microphone opening.

Limited warranty

The Bose® FreeStyle® earbuds are covered by a limited warranty. Details of the limited warranty are provided on the product registration card that is included in the carton. Please refer to the card for instructions on how to register. Failure to register will not affect your limited warranty rights.

The warranty information provided with this product does not apply in Australia and New Zealand. See our website at www.bose.com.au/warranty or www.bose.co.nz/warranty for details of the Australia and New Zealand warranty.
