Bose Makes Holiday Gifting Easy with Top Picks for Every Music Lover

From stocking-ready wired earbuds to immersive home audio, the 2026 Bose Holiday Gift Guide has something for every listener

November 12, 2026 – Bose is making holiday gift giving easier with its **2026 Bose Holiday Gift Guide**, featuring top picks for every music lover whether they're traveling, entertaining, working out, or getting lost in their favorite album.

A small gift with a big impact, the **Bose Noise Cancelling Wired Earbuds** sold out in less than 24 hours when preorders opened in September. The wired earbuds combine the simplicity of plugging in and pressing play with premium Bose sound and QuietControl active noise cancellation. No pairing, app, or charging required — and they're perfectly sized to fit into a holiday stocking. *Available in Black, White Smoke, or Dewdrop Mint.*

For the latest details on promotional pricing, please visit Bose's 2026 Holiday Gift Guide at Bose.com.

For the traveler

Bose QuietComfort Headphones (2nd Gen). Give frequent flyers a quieter, more comfortable journey with Bose's legendary QuietControl noise cancellation, plush ear cushions, and up to 24 hours of battery life. USB-C audio and an included cable for compatible 3.5 mm airplane entertainment systems offer additional flexible listening on longer journeys. *Available in Black, White Smoke, Rosewood Mauve, Sky Pink, Vanilla Cream / Ice Blue, Eucalyptus Green, Dewdrop Mint, or Hazelnut Taupe.*

Bose QuietComfort Ultra Earbuds (2nd Gen). For travelers who want premium listening in a pocket-sized design, these earbuds combine Bose's renowned audio performance and noise cancellation to make busy terminals and noisy journeys more enjoyable. CustomTune technology adapts audio to the unique shape of each ear, and interchangeable eartips and stability bands help listeners find a comfortable, secure fit for flights, train rides, and wherever the next trip takes them. *Available in Black, White Smoke, Deep Plum, Desert Gold, or Midnight Violet.*

Bose SoundLink Flex Portable Speaker (2nd Gen). For the traveler who brings a soundtrack everywhere, the SoundLink Flex (2nd Gen) packs powerful sound and deep bass into a compact Bluetooth® speaker. Its IP67-rated waterproof and dustproof design suits poolside afternoons and outdoor adventures, while Bose PositionIQ Technology automatically adjusts the audio for great sound regardless of its orientation. *Available in Black, Blue Dusk, Sandstone, Fog Grey, Alpine Sage, Twilight Blue, Petal Pink, Citrus Yellow, Sunset Peach, Rosewood Mauve, or Dewdrop Mint.*

For the avid listener and music lover

Bose Ultra Open Earbuds (2nd Gen). For someone who wants music throughout their day, these open-ear earbuds use Bose OpenAudio Technology to deliver rich, personal sound while staying connected to conversations and immediate surroundings. A comfortable cuff design is made for all-day listening, and Bose AI SpeechClarity Technology keeps calls clear and natural. *Available in Black, White Smoke, Cherry Chocolate, Olive Green, or Sky Pink*.

Bose QuietComfort Ultra Headphones (2nd Gen). For the music lover who makes time to get lost in an album, Bose's flagship headphones combine its best QuietControl noise cancellation with CustomTune sound personalization and Bose Immersive Audio. Soft cushions make longer listening sessions comfortable, while lossless USB-C audio offers another way to enjoy old favorites. *Available in Black, White Smoke, Midnight Violet, Desert Gold, Driftwood Sand, Cherry Chocolate, or Olive Green*.

Bose QuietComfort Earbuds. For music lovers who want their favorite songs close throughout the day, these wireless earbuds combine Bose sound and QuietControl noise cancellation with a comfortable, secure fit in a package for everyday listening. Up to 8.5 hours of battery life keeps the music going from a new album discovery to a favorite playlist on repeat, and Bluetooth multipoint connectivity makes it easy to switch between two listening devices. *Available in Black, White Smoke, Chilled Lilac, Ice Blue, Petal Pink, Rosewood Mauve, or Dewdrop Mint.*

For the entertainer

Bose Lifestyle Ultra Speaker. For the host who always has the right playlist, this compact wireless smart speaker delivers spacious sound and deep, controlled bass through Bose TrueSpatial and CleanBass Technologies. Apple AirPlay and Google Cast make it easy to stream music and group compatible speakers throughout the home, including with models from other brands — and two can pair together for deeply satisfying stereo sound. *Available in Black, White Smoke, or Driftwood Sand.*

Bose Lifestyle Ultra Soundbar. Turn movie nights, game days, and holiday watch parties into an unforgettable immersive experience with this soundbar that supports Dolby Atmos® content right out of the box. SpeechClarity Technology enhances dialogue so voices can be heard, and CustomTune Technology adjusts performance to the room's acoustics. Its refined design brings premium sound into the living room without taking over the space. *Available in Black or White Smoke.*

For the active one

Bose Sport Open Earbuds. Built for runners, fitness enthusiasts, and outdoor adventurers, these open-ear earbuds are new from Bose and combine a secure, comfortable silicone fit with proprietary Bose OpenAudio Technology, keeping music close while leaving ears open to the world. Textured, physical buttons make on-device control simple, and an IP54 rating provides resistance to

sweat, splashes, and dust. *Available in Black, White Smoke, Eucalyptus Green, Ice Blue, or Coastal Blue.*

Bose SoundLink Micro Portable Speaker (2nd Gen). Small enough to fit in the palm of a hand, this portable Bluetooth speaker brings crisp sound and impressive bass to outdoor adventures, workouts at home, a round of golf, or casual spontaneous hangs with friends. A utility strap makes it easy to attach to a bike, backpack, stroller, or golf cart, and its IP67-rated waterproof and dustproof design keeps it safe. Provides up to 12 hours of battery life to keep the music going across multiple sessions. *Available in Black, Blue Dusk, Sandstone, Sunset Peach, or Dewdrop Mint*.

About Bose Corporation

Bose Corporation is a global leader in audio innovation, driven by a singular belief: sound has the power to transform the way people connect with the world. For more than 60 years, Bose has combined pioneering research, engineering excellence, and a deep understanding of human perception to create products and technologies that deliver extraordinary experiences. Through its portfolio of iconic brands, including Bose, McIntosh, Sonus faber, and Skullcandy, the company offers premium and luxury audio solutions for the home, on the go, and in the car. Bose also collaborates with leading companies across industries, extending its audio expertise and technologies into new products, platforms, and applications beyond its own brands.

Guided by a relentless spirit of innovation and a passion for what sound makes possible, Bose continues to advance the science and art of sound while expanding its impact on everyday life. From music and entertainment to communication, wellness, and emerging applications, Bose is

creating new ways for people around the world to feel more connected, inspired, and engaged through the power of sound.
